

## Paper bag puppets

Your baby will enjoy looking at these puppets or if your child is a little older they can help you make them.

### Adult supervision essential

Involve and talk with your child as much as possible.

## PAPER BAG PUPPETS

### You will need:

- Brown paper lunch bags - purchase from supermarket
- Paint, pencils, textas, etc. for decorating
- Glue
- Scissors

### Instructions

#### Bear face template

1. Either copy the template provided or cut out and stick directly onto the bag.
2. Let your toddler decorate with crayons etc. You could even try using cut paper (like the illustrations in the book) to decorate the bag. Try cutting eyes, nose and ears from coloured paper and help your child to glue these pieces onto the bag.

#### Child's face template

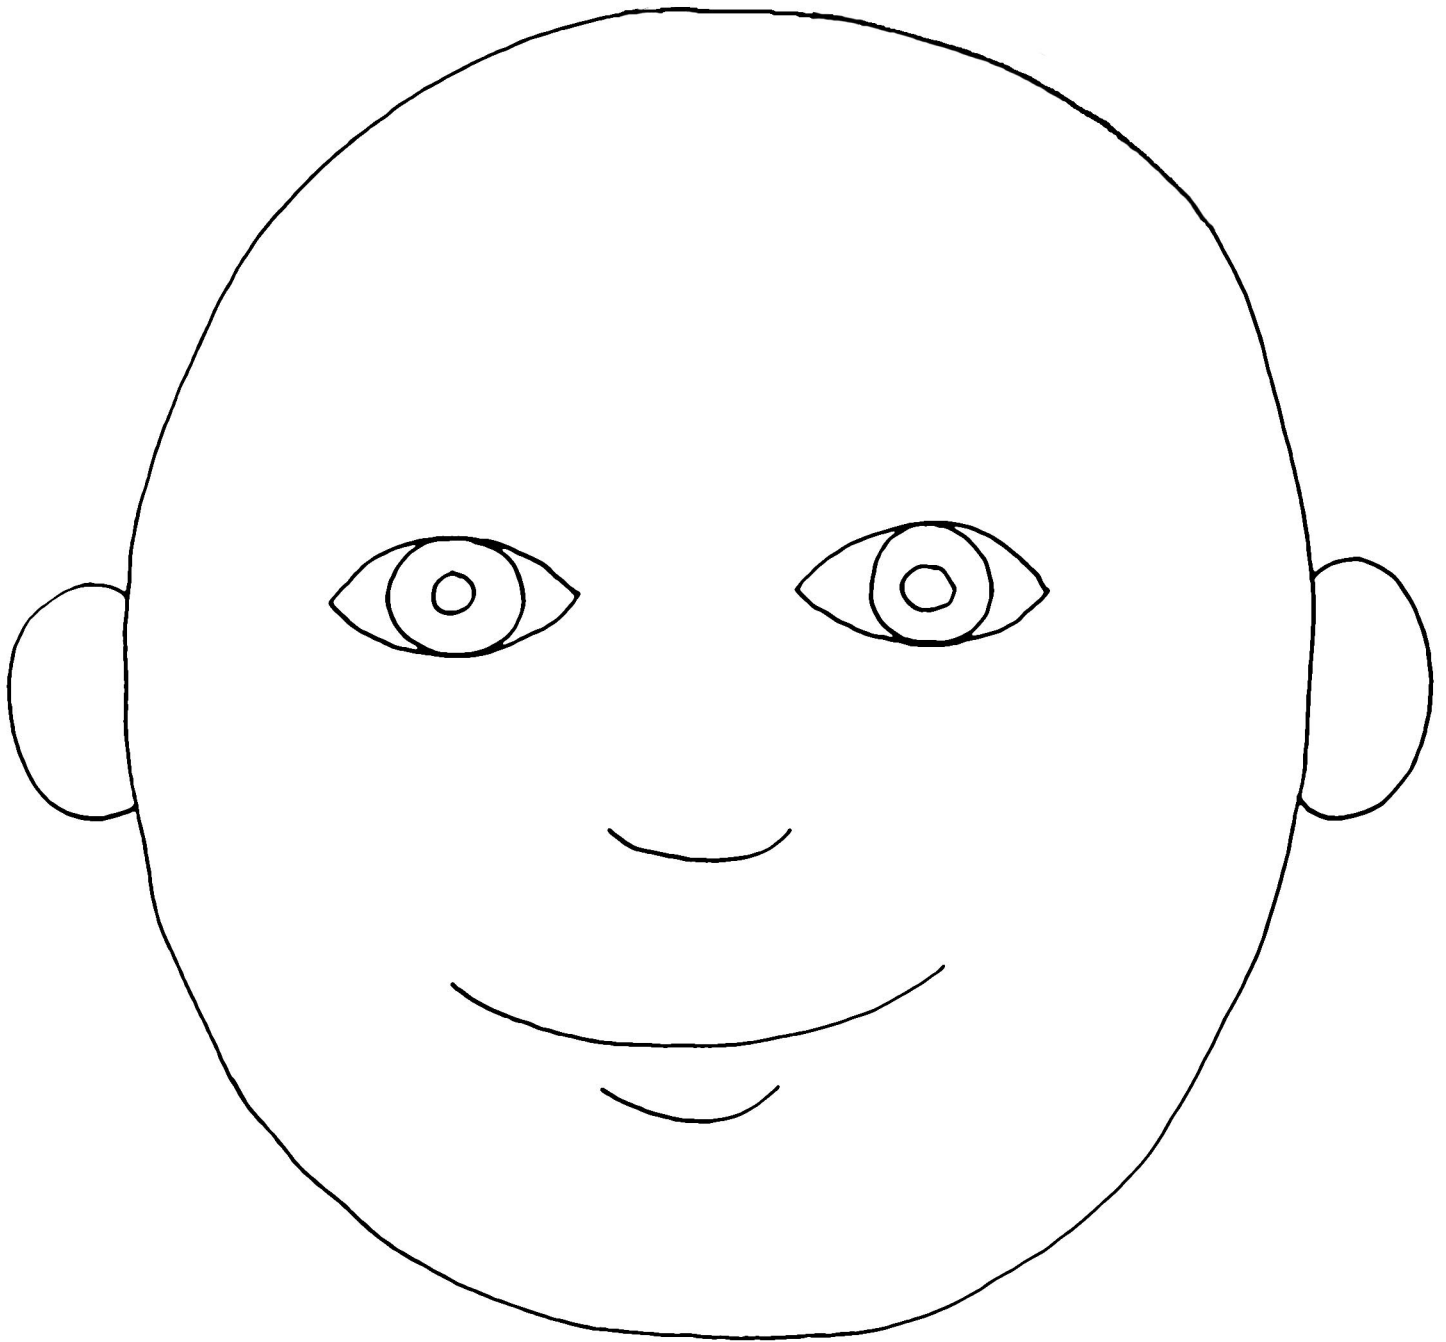

1. Either copy the template provided or cut out and stick directly onto the bag.
2. Adapt the child's face template to look like your toddler. Talk to your child about what they look like. For example, ask them what kind of hair and colour eyes they have. Let them help you decorate the bag.

### Idea

You could make a paper bag puppet of yourself too or of any significant person in your child's life.
