Cardboard shaker - cut two circles out of cellophane, approx 10cm diameter. Attach one piece of cellophane to one end of the cardboard roll with a rubber band. Place a small amount of uncooked rice into the shaker. Now attach the second piece of cellophane over the other end with a rubber band.

Bottle shaker - put a small amount of uncooked rice into the bottle and screw the lid back on.

Cymbals - using tape, attach a piece of ribbon to one side of each of the lids to form a handle. See diagram.
