

Leafy pictures.

Make some interesting pictures using leaves.

Adult supervision is essential when making and playing with home made toys.

Involve and talk with your child as much as possible while creating this activity.

LEAF ART

You will need:

- copy of activity template
- coloured pencils, crayons or textas
- several leaves
- scissors
- glue

Instructions

OPTION 1.

1. Collect leaves from your garden or local park.
2. Glue them onto the templates provided to add hair to a face and sails to a fleet of sailing boats.
3. You could come up with your own ideas for leaf pictures too. Try glueing several small leaves onto a piece of paper and add legs and antennae to make insects or maybe some crazy aliens!

OPTION 2.

1. Lie a leaf on a table top and place a sheet of paper over it.
2. Take a crayon and gently rub it over the paper to reveal an impression of the leaf underneath.
3. Do the same with several leaves on the same sheet of paper using different coloured crayons.
4. Try cutting these leaves out and stringing them together to hang them up.
