

You are special to me.

Make a colourful magnet for placing photos of your child onto the fridge.

Adult supervision is essential when making and playing with home made toys.

Involve and talk with your child as much as possible while creating this activity.

PHOTO MAGNET

You will need:

- copy of activity template
- crayons, paint, pencils, stickers for decorating
- scissors
- tape or gluestick
- spare fridge magnet (flat)

Instructions

1. Colour in the label and cut out.
2. Stick the label to the front side of the magnet.
3. Place a photo of your child on your fridge using the special magnet.

Ideas

To make your label more robust, glue it to some thin cardboard before sticking to the magnet.

Make 2 magnets and give one away as a present for a grandparent or other family member, along with a photo of your baby.

Show the magnet and photo to your baby and say something like 'Look, that's you. You are my special baby boy/girl.'
